Dear Ms. Denning,

This letter acknowledges receipt of your records request dated October 11, 2025, submitted to this office concerning certain categories of voter registration records.

Please be advised that, pursuant to *La. R.S. 18:154*, in order to obtain copies of records from the registrar of voters, a requester must submit a written request signed by **twenty-five qualified voters** of the parish. As we have not received such a request, we will require that it be submitted in accordance with the referenced statute before proceeding further with the request for copies.

In the absence of the required documentation, our office will proceed with evaluating your request to determine whether any responsive records exist and, if so, whether any privileges or exemptions apply. Please note that certain information may be redacted from any records made available to you, in accordance with *La. R.S. 18:154* and other applicable statutes.

Once we receive a valid request from twenty-five qualified voters, you will be notified within **30 days** regarding:

- Whether responsive records have been located,
- An estimate of any copying costs, and
- When the requested copies will be available for viewing.

We currently estimate that it will take approximately 30 days to fulfill the request for copies. If this estimated time changes, we will notify you accordingly.

In the meantime, if we can be of any further assistance, please contact our office at (504) 658-8300 or by email at orleansrovc@sos.la.gov.

Respectfully,

Lisa Marie Manning Bridges

Registrar
